CONNECT ME ON:

MADE BY JUSTIN

Education & Certifications

See my education history.

2023

Certified Fronted Developer - Simplilearn

This comprehensive program covered HTML5, CSS3, JavaScript,React JS, Angular JS and responsive design. It was helpful and even more better to teach most of the frontend skills.

2023-2024

Certified Java Developer - Simplilearn

This certification was acquired after learning all the fundamentals of Java Programming fundamentals, JSP, Servlets, JDBC, Spring Boot and others.

2022

JavaScript Developer Certification - FreeCodeCamp

This certification demonstrates advanced proficiency in JavaScript programming, including ES6 features and practical applications.

2023 & 2024

Certified Participant in PicoCTF-Africa (2x) - CMU-Africa

Me and my team have achieved to be participants in PicoCTF-Africa of 2023 and this year as the first team in Africa in High school level.

2019-2022

General Education Ordinary Level - Kagarama Secondary School

This is where I took my Ordinary level which is like the general studies education; Maths, Physics, Entrepreneurship, Biology, Chemistries and others.

2012-2018

Primary school - Groupe Scholaire Nyakayaga

I took my primary school at this above school which is located in Gatsibo District Rwanda.

Experience

See my experience as a developer.

2023 - PRESENT

ProjeXess UI & UX designer and System Analyst

I worked on this Project and until this time I am still working on it as it's designer and system analyst to bring an outstand problem solving project.

2024-2024

Retail Security - Freelancer

Worked on this project as it's designer for the time and I was paid the agreed cost.

2023-PRESENT

DHP Platform - Rwandan Startup

DHP platform was a startup that we started conducted by Elisha clever as the CEO of it, you can find it on linkedIn.

2022 - PRESENT

Freelancer Web Developer

The core of my work involved actual web development. I would write code, design layouts, and create functionality based on the project's specifications.

2022 - PRESENT

UI & UX Design

The main thing that I am used to do on most of the project is UI & UX design which is only that I enjoy doing and I do it better than others.

Skills

Check out my technical and soft skills.

Technical Skills

Front-End Frameworks

Competent in working with front-end frameworks such as React, Angular, or Next JS to develop dynamic and responsive web applications with a focus on user experience. Also some Frontend libraries such as Material UI, Mantine UI, Chadcn UI and others.

Soft Skills

Attention to Detail

Meticulous attention to detail in code quality, user interface design, and testing to ensure error-free and user-friendly web applications.

Technical Skills

Responsive Web Design

Soft Skills

Time Management

Skilled in creating responsive layouts using CSS Grid, Flexbox, and media queries. Ensures websites adapt seamlessly to various screen sizes and devices. I can also use CSS frameworks like Tailwind, Bootstrap, and more.

Excellent time management skills to meet project deadlines, prioritize tasks effectively, and handle multiple projects simultaneously.

Technical Skills

UI & UX design

Skilled in creating designs for web, mobile and desktop applications using different tools like Figma which I mostly use and sketch.

Soft Skills

Team collaboration

More likely to work with teams so I really enjoy and like it. I am good at collaborating and respecting time and deadlines and respecting team we work together.

What Colleagues Say

Discover what my colleagues have to say about their experiences working with me. My strength lies in working

together with others.

Fullstack Developer

I had the pleasure of working with Justin on a critical web development project, and I can confidently say that their expertise and professionalism exceeded my expectations.

Mico Dan - Backend developer
